

4th project Newsletter - February 2022

RENEWABLE INTEGRATION AND SUSTAINABILITY IN ENERGY COMMUNITIES

Dear ,

we are now hitting the second year of research at RENAISSANCE and we are very happy to share with you our latest advancements.

Here a summary of this edition's proposed contents:

1. RECENT ACTIVITY: our Coordinator's note on the past months
2. WATCH OUR VIDEOS: there are more than 10 videos available on our YouTube playlist, including a motion graphic teaser, interviews collected during pilot sites tours and demo presentations of our tools.
3. GET ON BOARD: how new energy communities can join our network and test our approach towards full deployment
4. REGISTER TO THE MERLON WORKSHOP: next 17th of February we'll speak about 'Prosumers as the future of energy' during an online workshop

5. EIGHT PAPERS PUBLISHED: all our articles are open access and available for download on our website resources section

6. LATEST NEWS: our blogposts selection

Forward this newsletter to your contacts who might be interested in the RENAISSANCE approach and invite them to subscribe to our bi-annual newsletter!

1. Recent activity

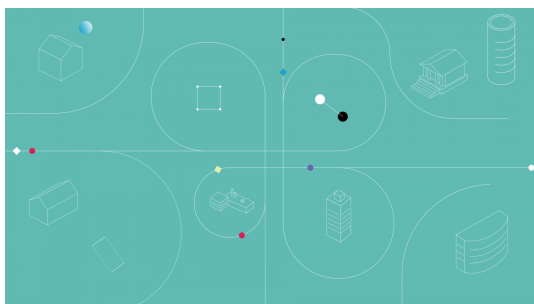

The RENAISSANCE project is now entering the last year of activity. All tools have been developed and are currently under the advanced evaluation phase. The four European pilots are now fully operational and the data collection is running smoothly.

- [RENERGISE tool](#)
- [RENAISSANCE platform](#)

Moreover, thanks to our replication team, more than 15 potential replication sites have been contacted in order to validate our approach in different context within and outside Europe.

We take the opportunity to thank all our partners, ESG members and followers for their participation and interest about our research.

Prof. Thierry Coosemans

2. Watch our videos

The RENAISSANCE YouTube channel hosts more than 15 videos presenting our pilot sites, including interviews to citizens and stakeholders, Enerjettic project challenges, tool presentations and a motion graphic project teaser. [Watch them all!](#)

3. Get on board

In the past months our replication team contacted 10 sites around the world in order to test and replicate our approach. Check our onboarding presentation and get in contact with us if you are interested in our services! [Download pdf](#)

EU The project has received funding from European Union's Horizon 2020 research and innovation programme grant agreement No 82342

4. Register to the MERLON workshop

Next 17th of February we'll speak about "Prosumers as the future of energy" during MERLON online workshop about the innovations connecting prosumers with DSOs. [Register here.](#)

5. Our scientific papers

During 2021 we published 8 papers addressing innovative business cases, the MAMCA analysis supporting the Energy Transition, the integration of e-vehicles in LEC/REC contexts and more. [Check them out!](#)
